

# **METT VIII - 8th Workshop on Matrix Equations and Tensor Techniques**

**Wednesday, November 6, 2019 - Friday, November 8, 2019**

**MPI Magdeburg**

## **Scientific Program**

The scientific program is separated into the two categories below. For a detailed presentation of the schedule see the timetable.

## Talks

The oral presentation program is split into seven sessions. The two sessions on Wednesday are concerned with various tensor related contributions. Thursday's 3 sessions have a strong focus on talks related to different kinds of Riccati equations. The remaining two sessions on Friday collect all other topics.

## Posters

Some contributions and relevant software packages are presented in a dedicated poster session on Thursday afternoon.
