

BiGmax Workshop 2022

Wednesday, 13 April 2022

Session V (09:30 - 12:30)

time	[id] title	presenter
09:30	[76] Atomic Cluster Expansion and application to modelling of materials	DRAUTZ, Ralf
10:30	Coffee Break	
11:00	[66] Inverse design of multicomponent crystalline materials	ZHANG, Hongbin
11:30	[70] Partial order-disorder transitions in thermoelectric clathrates: toward non-linear modelling of materials properties	RIGAMONTI, Santiago
12:00	[61] Improving Normalizing Flows to Sample from Boltzmann Distributions	STIMPER, Vincent
